

Actenum Corporation is “Ready to Rocket” in 2008

For Immediate Release

VANCOUVER, BC, 15 January 2008 – Rocket Builders’ annual “Ready to Rocket 25” list once again recognizes Actenum Corporation as one of the top 25 private companies in BC positioned to capitalize on growth in the information technology sector.

The process of choosing the 25 companies for the 2008 list involved mapping over 100 technology companies against key Information Technology industry trends. Rocket Builders also reviewed market positioning and revenue potential for those companies nominated.

“Each year when we choose the Ready to Rocket companies, we are looking for those that have best matched technical innovation with market opportunity. Actenum Corporation is an excellent example of the right technology for the right customers at the right time,” said Reg Noordman, Managing Partner, Rocket Builders.

“Actenum is very pleased to be named as a Ready to Rocket company for a second year,” said Paul Maurer, Actenum’s CEO. “This recognition not only reflects our initial market success with Asset Scheduling Management solutions, but also our opportunity for continued positive growth in 2008 and beyond.”

About Ready to Rocket

Ready to Rocket is a unique business recognition list that profiles technology companies with the greatest potential for revenue growth. Each year, based on analysis of trends that will drive growth in the information technology sector, Rocket Builders identifies twenty-five (25) private companies that are best positioned to capitalize on the trends for growth. This selection methodology has been an accurate predictor of growth with “Ready to Rocket” companies exceeding the industry growth rate. Also, many of these companies raise investment capital and each year many of the profiled “Ready to Rocket” companies are acquired.
